ROYALTY WITHHOLDING TAX - or RWT as we call it - burdens your hard-earned intellectual property and know-how income, often with rates as high as 30%, 20%, 15% or 10%!

We can offer you our new RWT recovery service (in applicable countries) by either

- **REDUCING the rates of Royalty Withholding Taxes**
- **Or even REMOVING the Royalty Withholding Taxes in advance for applicable countries**

What do you have to do? Send any paperwork you have on file in regards to royalty payments you received to **INSATAX** by courier, keeping copies for your files. We do the paperwork, deal with the foreign tax authorities on your behalf, and **you receive the refund.**

What is the cost? Our fee is **19% of the recovered tax.** There is **no down payment or retainer fee.** There are **no hidden costs.** If we do not succeed, you do not owe us anything.
