WHY ISTANBUL?

Istanbul Fashion Connection is designed to be an international exhibition where you will witness the power of Turkish design, production and service quality.

Turkey is one of the leading countries in apparel design and this exhibition will introduce participants' own collections and designs to new locations and customers through buyers from all around the globe, which will be beneficial for all parties.

Istanbul is the perfect location for this exhibition since it is one of the most accessible and attractive cities of the world. Visitors will meet thousands of established and upcoming designers; discover new collections and textiles, meet new business and solution partners.

Istanbul, the fashion capital of Turkey, is the ideal center to bring together trends, fashion, design, brands, trade and collaborations together.

İHKİB aims to open a new era in the apparel industry with the Istanbul Fashion Connection Exhibition, which will introduce this vibrant center to the whole world. The clothing industry, of which İHKİB is the representative, unites all product groups from women's and men's wear to baby and children's wear, from evening dresses **and** wedding dresses to leather apparel, from denim to sportswear, from underwear to socks, from shoes to bags, all under one roof.

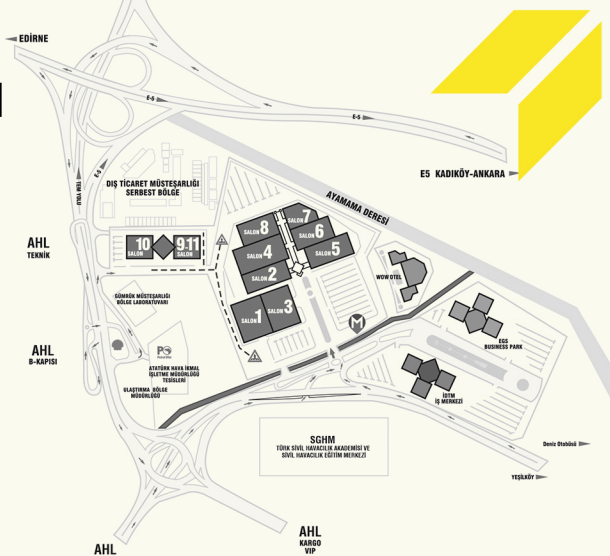

The background is a solid yellow color. In the center, there is a square frame composed of four yellow trapezoidal shapes that meet at the corners, creating a central square area. Inside this central area, the text is displayed in black.
